Article 4 **RESIDENT**

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority or a statutory body thereof.

Article 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop; and
- (f) a mine, an oil or gas well, a quarry or any other place relating to the exploration for or the exploitation of natural resources.

3. The term "permanent establishment" shall also include:

- (c) the performance of professional services and of other activities of an independent character in a Contracting State by an individual, if that individual is present in that Contracting State for a period or periods exceeding in the aggregate 183 days within any twelve month period.

For the purposes of computing the time limits in this paragraph, activities carried on by an enterprise associated with another enterprise within the meaning of Article 9 of this Agreement shall be aggregated with the period during which activities are carried on by the enterprise if the activities of the associated enterprises are substantially the same.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

5. Notwithstanding the provisions of paragraphs 1 and 2 where a person (other than an agent of an independent status to whom paragraph 7 applies) is

acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State of any activity which that person undertakes for the enterprise, if such a person:

- (a) has, and habitually exercises in the first-mentioned State an authority to conclude contracts in the name of the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or
- (b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise belonging to the enterprise in respect of which he regularly receives and fulfils orders on behalf of the enterprise.

6. Notwithstanding the preceding provisions of this Article, an insurance company resident of a Contracting State shall, except in the case of reinsurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or if it insures risks situated therein through a representative other than an agent of independent status to whom paragraph 7 of this Article applies.

7. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business, and that the conditions that are made or imposed in their commercial or financial relations with such enterprises do not differ from those which would be generally made by independent agents.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

III. TAXATION OF INCOME

Article 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. For the purposes of this Agreement, the term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on or has carried on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much thereof as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.
3. In determining the profits of a permanent establishment, there shall be allowed as deductions necessary expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.
4. If the information available to the competent authority is inadequate to determine the profits to be attributed to the permanent establishment of an

enterprise, nothing in this Article shall affect the application of any law of that State relating to the determination of the tax liability of a person by exercise of a discretion or the making of an estimate by the competent authority, provided that the law shall be applied, so far as the information available to the competent authority permits, in accordance with the principles of this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

SHIPPING AND AIR TRANSPORT

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. For the purposes of this Article:

(a) the term "profits" includes:

- (i) gross revenues derived directly from the operation of ships or aircraft in international traffic, and
- (ii) interest over the amounts derived directly from the operation of ships or aircraft in international traffic, only if such interest is incidental to the operation;

(b) the expression "operation of ships and aircraft" by an enterprise, also include the charter or rental on a bareboat basis of ships and aircraft and rental of containers and related equipment, if that charter or rental is incidental to the operation by the enterprise of ships or aircraft in international traffic.

3. Paragraph 1 shall also apply to the share of the profits of an enterprise from the participation in a pool, a joint business or an international operating agency.

Article 9

ASSOCIATED ENTERPRISES

1. Where –
 - (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
 - (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, has not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State -- and taxes accordingly -- profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall, if it agrees that it is justified, make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
 - (a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds directly at least 20 per cent of the voting power in the company paying the dividends, and

- (b) 15 per cent of the gross amount of the dividends, in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

6. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage, and in particular, income from government securities and income from bonds or debentures, as well as income which is subjected to the same taxation treatment as income from money lent by the laws of the State in which the income arises (whether or not carrying a right to participate in the debtor's profits). The term interest shall not include income dealt with in Article 10.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such a case the provisions of Article 7 shall apply.

5. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest paid exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematographic films and films, tapes and other means of image or sound reproduction) any patent, trade mark, design or model, plan, secret formula or process or other intangible property, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.

The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. 6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

IV. METHODS FOR ELIMINATION OF DOUBLE TAXATION

Article 22

ELIMINATION OF DOUBLE TAXATION

1. In Malaysia double taxation shall be avoided as follows:

Subject to the laws of Malaysia regarding the allowance as a credit against Malaysian tax of tax payable in any country other than Malaysia, the Chilean tax payable under the laws of Chile (which shall not affect the general principle thereof), and in accordance with this Agreement by a resident of Malaysia in respect of income derived from Chile shall be allowed as a credit against Malaysian tax payable in respect of that income. Where such income is a dividend paid by a company which is a resident of Chile to a company which is a resident of Malaysia and which owns not less than 10 per cent of the voting shares of the company paying the dividend, the credit shall take into account Chilean tax payable by that company in respect of its income out of which the dividend is paid (First Category and Additional Tax). The credit shall not, however, exceed that part of the Malaysian tax, as computed before the credit is given, which is appropriate to such item of income.

2. In Chile, double taxation shall be avoided as follows:

- (a) residents in Chile, obtaining income which has, in accordance with the provisions of this Agreement, been subject to taxation in Malaysia, may credit the tax so paid against any Chilean tax payable in respect of the same income, subject to the applicable provisions of the law of Chile. This paragraph shall apply to all income referred to in this Agreement;
- (b) in the case of a dividend paid by a company which is a resident of Malaysia to a company which is a resident of Chile and which controls directly or indirectly 10 per cent or more of the voting power in the company paying the dividend, the company may use as a credit against the Chilean tax payable at company level (First Category Tax) the Malaysian tax payable by the company in Malaysia in respect of the profits out of which such dividend is paid. The credit shall not, however, exceed that part of the Chilean tax, as computed before the credit is given, which corresponds to that income of the company. Credit, and any consequent devolution, is

only given against the Global Complementary Tax and the Additional Tax for tax effectively paid in Malaysia;

- (c) where, in accordance with any provision of the Agreement, income derived by a resident of Chile is exempted from tax in Chile, Chile may nevertheless, in calculating the amount of tax on other income, take into account the exempted income.

3. For the purposes of subparagraph (b) of paragraph 2, the term "Malaysian tax payable" shall be deemed to include Malaysian tax which would, under the laws of Malaysia and in accordance with this Agreement, have been payable on any income derived from sources in Malaysia had the income not been taxed at a reduced rate or exempted from Malaysian tax in accordance with:

- (a) Section 133A of the Income Tax Act 1967; or
- (b) Sections 22, 23, 29, 29A to 29H, 31E and 41B of the Promotion of Investments Act 1986, so far as the sections have not been modified since the date of signature of this Agreement or have been modified only in minor respects so as not to affect their general character; or
- (c) any other provisions which may subsequently be made granting an exemption or reduction of tax which is agreed by the competent authorities of the Contracting States to be of a substantially similar character, if it has not been modified thereafter or has been modified only in minor respects so as not to affect its general character.

At the signing of the Agreement between the Government of Malaysia and the Government of The Republic of Chile for the Avoidance of Double Taxation and the Prevention of Fiscal Evasion with respect to taxes on Income (hereinafter referred to as "the Agreement"), the undersigned have agreed upon the following provisions which shall form an integral part of the Agreement:

1. With reference to Article 1

(a) in the case of Malaysia:

The provisions of this Agreement shall not apply to persons carrying on offshore business activities under the Labuan Offshore Business Activity Tax Act 1990 (as amended).

The term "offshore business activity" means offshore business activities as defined under subsection 2(1) of the Labuan Offshore Business Activity Tax Act 1990 (as amended).

(b) in the case of Chile:

It is understood that this Agreement does not apply to persons constituted according to the legislation No. 19.840 (due to their non-resident status in Chile).

2. With reference to Article 5 and 14

It is understood that the term "the performance of professional services and of other activities of an independent character" includes the furnishing of services such as consultancy services.

3. With reference to Article 10

In the case of Chile, the provisions of Article 10 shall not limit the application of the Additional Tax provided that the First Category Tax is fully creditable in computing the amount of Additional Tax to be paid.

4. With reference to Article 11

If in any agreement or convention concluded by Chile with a third state, Chile would agree to exempt interest derived by the Government from the other state, such exemption shall automatically apply, for the purposes of paragraph 2 of Article 11, under the same conditions as if it had been specified in this Agreement.

For the purposes of this paragraph, the term "Government":

(a) in the case of Malaysia means the Government of Malaysia and shall include:

(i) the government of the states;

- (ii) the Bank Negara Malaysia (the Central Bank of Malaysia);
 - (iii) the local authorities;
 - (iv) the statutory bodies; and
 - (v) the Export-Import Bank of Malaysia Berhad (EXIM Bank);

5. With reference to Article 18

For greater certainty, a pension payment may include an annuity (a periodically paid sum under an obligation to make the payments in return for adequate and full consideration) if the payment is considered a pension payment under the laws of that Contracting State.

6. With reference to general application of the Agreement:

- (a) With respect to pooled investment accounts or funds (as for instance the existing Foreign Capital Investment Fund in Chile), that are subject to a remittance tax and are required to be administered by a resident in Chile, the provisions of the Agreement shall not be interpreted to restrict imposition by Chile of the tax on remittances from such accounts or funds in respect of investment in assets situated in Chile.
- (b) Nothing in this Agreement shall affect the application of the existing provisions of the Chilean legislation DL 600 (Foreign Investment Statute) as they are in force at the time of signature of the Agreement and as they may be amended from time to time without changing the general principle hereof.
- (c) Nothing in this Agreement shall affect the taxation in Chile of a resident in Malaysia in respect of profits attributable to a permanent

establishment situated in Chile, under both the First Category Tax and the Additional Tax but only as long as the First Category Tax is deductible in computing the Additional Tax.

- (d) For the purposes of paragraph 3 of Article XXII (Consultation) of the General Agreement on Trade in Services, the Contracting States agree that, notwithstanding that paragraph, any dispute between them as to whether a measure falls within the scope of the Agreement may be brought before the Council for Trade in services, as provided by that paragraph, only with the consent of both Contracting States. Any doubt as to the interpretation of this paragraph shall be resolved under paragraph 3 of Article 24 or, failing agreement under that procedure, pursuant to any other procedure agreed to by both Contracting States.
- (e) For the purposes of the Agreement, the Contracting States agree that if either Contracting State introduces capital tax under its domestic law, both Contracting States will participate without delay in negotiations for a Protocol to this Agreement with a view to extending the scope of this Agreement to include the above-mentioned capital tax.
- (f) It is understood that fees or profits for performing professional services or other activities of an independent character are treated as income under Article 14 (Fees for technical services) or Article 7 (Business profits), as the case may be.
